VOL 8 ISSUE 1

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

Assalamu Alaikum

I hope this letter finds you and your families in good health. We believe that the time has come for us as a community to take an active stance in forging a proactive, positive Muslim identity in the West, rather than allowing it to be decided for us. Prior to 11th September, 2001, we existed with few long-term plans or strategies to develop our identities as Muslims in the West. Now, it is imperative to have a detailed plan for our future and for that of our children.

We are pleased to inform you that IAA has embarked and successfully fulfilled the following programs:

- ◆ Islamic Public Library (English, Urdu, Arabic, Turkish, Bosnian etc.)
- ◆ Children's Quran and Islamic education classes
- ◆ Arabic language classes (Accredited by Department of education, Victoria)
- ◆ Public Education Program (Islamic awareness-raising programs directed at businesses, schools, social workers, interfaith networks and government departments)
- ◆ Public lectures and Women Islamic studies classes
- ◆ Islamic Website for Islamic Information (www.irca.org.au)
- ◆ Publishing, Translating and Distributing Islamic Literatures
- ◆ *Qurban/Wakil* Services (sending money overseas to do Qurban and distribute meat to poor and needy people)
- ◆ Full-time Quran *Hifz*, Diploma and Degree programs in Islamic studies
- ◆ Community Social gathering Program
- ◆ 70-bed Hospital in Pakpattan, Pakistan
- ◆ Sponsored thousands poor and orphan children (education, health and living costs)

In addition to supporting these important efforts and programs, we must strive to

establish accessible classical and contemporary Islamic education, philosophy, and ethics to bring about the much-needed

Muslim renaissance. Reinstating the pursuit of knowledge and excellence as a driving force among Muslims is our primary goal at the *Tayiba* Institute (the Islamic educational branch of IAA).

For the past six years, *Tayiba* Institute has provided Islamic education through classes, lectures, research, and publications on a national and international scale. In 2003, we accelerated our efforts by offering *Hifz-ul-Quran* classes and the 2-year full-time Diploma in Islamic Studies, and expanding our successful *Da'wa* Program. Our long-term goals include offering an **intensive curriculum to produce Muslim scholars, and building the first accredited Islamic University in the West.**

We invite you to join us as partners in making this vision a reality by becoming one of 500 supporters making a contribution of \$50 per month (for one year) to the *Tayiba* Institute. **The Prophet (upon him be peace) said: "The best actions are those that are consistent even if small."** Steady, reliable contributions from you will allow *Tayiba* Institute to grow strategically and to achieve the ambitious goals highlighted herein. As an incentive, monthly contributors will receive a **special gift.**

The American public as a whole gave over \$200 billion in charity last year, most of which was in the form of small but regular donations. We too have the resources and the opportunity to become strategic philanthropists, visionary leaders and cultivators of the knowledge that is desperately needed by our *Ummah*.

We believe this coming year will be a rewarding one and invite you to become a part of it.

As a *Tayiba* Institute supporter, you will enjoy the satisfaction of knowing that you are helping to strengthen the position of Muslims in the West and will be able to assess your generous investment through **annual reports.**

Your donation can be made by:

- ⇒ CREDIT CARD
(Go to www.irca.org.au and follow the links - using PayPal)
- ⇒ DIRECT DEBIT
(request us to send you an EzyPay direct debit request form)
- ⇒ CHEQUE & CASH DEPOSIT
into *Tayiba* Institute's bank account.

If you require a receipt, please let us know and one will be issued to you. Please note, receipts are ALWAYS made for EVERY donation, however we need only your details to send it to you (which also costs 50 cents).

We look forward to building our community with you. May Allah Sub'hanahu wa ta'llah bless you and increase you in all that is good, Ameen.

In partnership,

Hafiz Muhammad Abdul Wahid

However, classes must continue if we want to produce future *Alims* and *Hafiz* from this country. **Strictly 50 places** will be reserved for only the **MOST SERIOUS & DEDICATED** students. Parents must take a serious role in the Islamic development

of their children. We need the full cooperation of parents to achieve positive outcomes. It will require them to commit to bringing their children **3 days per week** for study (after school).

The **proposal** is as follows:

50 select students will be divided into 2 classes – 25 students per class.

SUMMER TIMETABLE:

CLASS A Monday – Wednesday 5:30pm – 8:00pm

CLASS B Thursday & Friday 5:30pm – 8:00pm and Saturday 10am – 1pm

If anyone would like to contribute their thoughts, please feel welcome to discuss it with anyone on the IAA committee. Please voice your opinions before 15th January (when the program will be finalised).

VOLUNTEERS NEEDED

Our education programs mostly rely on the generosity of committed volunteer teachers. Some teachers have shown their unselfish dedication and strong commitment for over 4 years. Teaching is such a rewarding job – seeing students complete the Quran, watching their good *adhab*, listening to their Islamic knowledge. This is compounded by the many *Ahadith* that tell us that teaching and learning the Quran brings many rewards in this life and the hereafter.

We need more volunteers to teach **Quran** (even teaching the alphabet), **Arabic Language** and **Islamic Studies**. The more teachers we have, the more one-on-one attention students receive. This will enable students to excel in their learning, inshaAllah. Even **1.5 hours** a week is much appreciated.

INTENTION (NIYYAH)

Br. Azeem Haqani

The importance of intention (Niyyah or Niyyat) is paramount in Islam. Perhaps it is for this reason that Imam Bukhari (Rahimallahu Alaihi) started his Sahih Bukhari with the following Hadith, narrated by Umar (Radi Allahu 'Anhu):

I have heard the Messenger of Allah (Sallallahu alaihi wa sallam) saying: The deeds are only as per their intentions. For every person it is only that which he intended. So whose migration (hijrat) was for the purpose of getting some worldly benefit or for getting married to a woman then his migration was only for what he migrated (irrespective of what is apparently obvious).

The two particles of Arabic language that have been used in the first sentence of this Hadith (innama and bi) suggest that the intention and the act are intimately and inseparably linked. The act is always obvious, seen by everyone in whose presence the act is performed. The intention may or may not be obvious. It is to be expected that the doer of the act would know for sure what he wanted to get out of the act. However it is only Allah SWT who knows precisely about the intention behind the act.

The above point could be proven by reference to a couple of authentic ahadeeth which come to mind immediately. The first one is the hadeeth which informs us about the fate of a Shaheed, an Aalim, a Qari and a Sakhi (generous person) who were thrown into the hell fire on the Day of Judgment when Allah SWT declared that, contrary to what every one (including the Angels) thought or knew, the acts performed by these people were not exclusively for the sake of Allah SWT but were done for getting recognition and admiration from the people.

The difference between the intention and the action can also be clearly seen by referring to the Surah Almunafiqoon in Qur'an when Allah SWT declares that the munafiqoon were lying when they declared that the Prophet ((Sallallahu alaihi wa sallam) was Allah's Messenger. Now what could be closer to the truth than this statement of the munafiqoon? However Allah SWT says that the munafiqoon were lying! Why? Because what they were saying with their tongue was not in accordance with what was in their hearts.

It is reported that in the days of Sahaba Kiram one day one Sahabi approached another one suggesting that both of them should go together to visit another Sahabi who was sick. The Sahabi who was approached took some time to say yes.

The first Sahabi asked why he took some time to decide upon this matter when visiting sick people is one of the most important and rewarding deeds for any Muslim. The Sahabi replied that he took time to make sure that there was no other purpose in his heart for this visit other than pleasing Allah SWT.

So the bottom line for all of us is very simple yet very demanding: For our acts and efforts to be of any value in the eyes of Allah SWT on the day of judgment these must be performed only and only for the sake of getting His pleasure and with no other objective or purpose. And off course these acts have to be in conformity with what the Prophet (Sallallahu alaihi wa sallam) has ordained through his all encompassing and pervasive Shariah.

May Allah SWT give all of us the tawfeeq for the above. (Aameen).

Wa akhuru da'wana Alhamdu lillahi rab-bil (Sallallahu alaihi wa sallam)a'alameent
